Main menu should contain only these items:

1)Home
2) about us
3) Gallery
4) Latest Products
5) Advance Search
6) Contact Us
7) Sitemap

we are not going to give signin| Register menu as no one can see gallery without login..
so we are already having this in header...
Cart and welcome gonna display if user is login...
otherwise display Login | Register....nd for accessing gallery there should message for log in with log in page......
